VOL. XXV. NO. 35 GAINESVILLE, FLORIDA, MONDAY, NOVEMBER 27, 1905 ONE DOLLAR A YEAR

HEALTHY INCREASE IN COMMERCE IS SHOWN

Will Exceed Former Year By Many Million Dollars.

STATISTICS OF THE GOVERNMENT

It Is Shown that Our Trade With Non-Contiguous Territory Has Greatly Increased—Figures Only Relate to Merchandise, Gold Being Excluded.

Washington, Nov. 25.—The commerce of the United States with non-contiguous territory in 1905 seems likely to exceed by many millions that of any preceding year, according to a statement issued by the department of finance and labor through its business of statistics.

The bureau's nine months' statement ending with September shows that the shipments from the United States to its non-contiguous territory amounted to $36,552,174 against $29,929,079 in the corresponding months of the preceding year and that the shipments of merchandise to the United States from its non-contiguous territory in the same period amounted to $66,550,000 against $47,141,638 in the corresponding months of the preceding year. The figures given relate to merchandise only, and do not include the gold and silver, of which the shipments from Alaska to the United States were only $7,000,000 of gold produced in that territory and $5,500,000 of foreign gold shipped from Alaska being presumably that originating in territory adjacent thereto.

In the merchandise shipped from Alaska to the United States there is a falling off of a little less than $2,000,000 compared with the previous year. In shipments from the United States there was an increase of nearly $2,000,000 to Alaska, of over $3,000,000 to Porto Rico, about $1,000,000 to the Philippines and nearly $1,000,000 to the Hawaiian islands. In shipment from the non-contiguous territory to the United States there was an increase of about $5,000,000 from Porto Rico of over $4,000,000 from the Philippines and about $12,000,000 from the Hawaiian islands.

The statement makes comparisons of the contrast in the trade of the United States with the above named places with the period prior to annexation. In the nine months ended Sept. 1897, the year prior to the annexation of Porto Rico, the shipments of merchandise from that island to the United States amounted to $1,767,028 as against $16,176,676 in the nine months just ended. The nine months of 1897 the shipments from the Hawaiian islands to the United States amounted to $13,044,231 as against $35,689,791 in 1905. The shipments from the Philippines for the nine months of 1897 amounted to $3,362,060 as against $11,792,714 in 1905.

The estimate is made that the total commerce with the non-contiguous territory for the entire year of 1905 will approximate $125,000,000. The shipments of sugar from the Hawaiian islands for the nine months ended with September amounted to $33,115,471 of raw sugar and $1,752,791 of refined sugar. The shipments of refined sugar from Hawaii aggregated $33,136,858 pounds as against no shipments during the corresponding period of the preceding year. Porto Rico shipments of sugar amounted to $13,040,862 of cigars $1,812,535 and of leaf tobacco $392,651.

From the Philippines the most important shipments were, Manila hemp $9,532,857 and sugar $2,216,249.

Engineer Killed in Alabama.

Selma, Ala., Nov. 25.—Engineer Frank Hutchings, of the Southern, was killed at Columbiana this morning about 9 o'clock. He had stopped his train to make some slight repairs on the engine, and was under the engine at work when No. 7, running extra, struck the rear end of his train. His body was literally cut to pieces. No one else was hurt. The main line was blockaded for a few hours. Mr. Hutchings lived in this city. He leaves a wife and several children.

GEORGIA BAPTISTS IN SESSION.

Over 1,000 Delegates Attending the Association in Macon.

Macon, Ga., Nov. 25.—When ex-Governor Northen called the Georgia Baptist convention to order Thursday in the First Baptist church, the auditorium of that edifice was filled with delegates from every section of Georgia.

Over 1,000 were present and they flocked to Macon from every corner of the state. In addition to the delegates, there were others present, which completely crowded the church and made it necessary to place chairs in the aisles.

The morning session opened with devotional exercises, led by Rev. Dr. L. M. Brittain, of Atlanta, after which the regular order of business was taken up.

The election of officers for the coming year was attended to as soon as the enrollment of delegates had been finished, and it resulted in ex-Governor W. J. Northen being re-elected president without opposition. General E. D. Huguenin has resigned as treasurer, but so far no one has been elected to succeed him. The following other officers were elected: B. D. Ragsdale, secretary; C. B. Chamblee, assistant secretary; and C. B. Willingham, J. C. Soloman, J. S. Calloway and G. B. Campbell, vice presidents.

In an eloquent address Frank A. Mallory, of Macon, welcomed the delegates to Macon, and this was responded to by Dr. W. A. Smith, of Columbus.

SEA ISLAND COTTON GROWERS.

Meet at Valdosta and Organize an Association and Elect Officers.

Valdosta, Ga., Nov. 25.—The sea island cotton growers of Georgia and Florida met here and perfected an organization which is to be an auxiliary of the Southern Cotton Growers' association. Harvie Jordan was present and spoke. He was elected president of the association, and J. Williams, of Alachua, Fla., vice president, and F. G. Shell, Lake Butler, Fla., secretary.

Resolutions were adopted asking the department of agriculture for fuller and separte reports on sea island cotton. Resolutions was also adopted pledging the members to improve the staple as much as possible.

The name of the association was fixed as "Sea Island Cotton association," and it was determined to perfect an organization in every county and militia district in the sea island belt.

Frenchman Discovers New Comet.

New York, Nov. 25.—A cable dispatch to the Herald from Paris says that M. Camille Flammarion, an eminent French astronomer, writes that the observatory of LaPlata announces the discovery of the Bernard comet of 1892 in the neighborhood of Saturn. M. Flammarion says this comet is probably a fragment of the Wolf comet, which presumably broke up in 1840.

An Error Corrected.

The report that Noble Strobhar, who was injured at High Springs on the A. C. L. railroad, several weeks ago, had to have another operation performed on his arrival at Wayeross hospital is without foundation.

At the time of the injury his foot was amputated at the ankle by Dr. William Sotheriand of High Springs, surgeon for the road, which was a thorough and careful operation, and the only thing done for the wound on the arrival of young Strobhar at Wayeross was to have it dressed again, and his friends say he is rapidly recovering.

Spring Park Exhibit.

Friends of Manager Callison, of the Spring Park Stock Farm Company, to whom was awarded thirty-four premiums on his live stock exhibit at the State Fair, will congratulate him, although it was no more than was expected, as is was by far the best and most attractive exhibit, notwithstanding that the entire live stock department was filled with choicest registered breeds. The exhibit of Spring Park Farm was diversified, comprising Hereford and Jersey cattle, Berkshire hogs, Angora goats, collie dogs, bronze turkeys and other poultry.

SENATOR BURTON PLACED ON STAND

Tells of His Connection With the Rialto Company.

TESTIMONY CLEAR AND FULL

He Answered All Questions Put to Him by Attorneys Without Hesitation or Forethought—He was Assured that Company Was All Right.

St. Louis, Nov. 25.—Senator Burton took the stand in his own behalf today. Before any testimony was introduced Judge Vandeventer delivered an opinion in which he held that the defense would be permitted to introduce evidence to which an objection was sustained yesterday for the purpose of showing that the postoffice inspectors had communicated to the Rialto Grain and Securities company, at a time previous to the employment of Senator Burton by the Rialto company that the investigaion had shown the necessity for the issurance of a fraud order.

Under this ruling, Postmaster M. G. Price was recalled by the defense.

Mr. Price testified that he had made a report to his superior, Inspector Dice, that the condition of the Rialto company was not such that a fraud order was necessary but said he did not remember telling any one connected with the Rialto company anything to that effect.

Senator Burton was then called to the stand. He answered all questions in a clear, distinct voice, and apparently without hesitation or forethought. He frequently anticipated his counsel's quesion beginning his replies before the completion of the interrogation.

The senator's testimony in the beginning, followed closely that given in the former trial, with the exception that in describing his conversation with Thomas B. Harlan, Senator Burton laid special stress upon the fact that before the conversation relating to his employment by the Rialto company was started the train in which they were enroute from St. Louis to Chicago, had crossed the Mississippi and was in Illinois outside the jurisdiction of the court between which the case is to be tried.

Senator Burton testified tha during his conversation with Harlan who was the representative of the Rialto company he (Burton) used the following words in connection with his proposed employment:

"Now Mr. Harlan, let me understand you. I am a senator. This company is using the mails extensively. Is it contemplated in any way that I am expected to use my influence in the department directly or indirectly?"

His answer was very emphatic. He said:

"Now, senator, we do not want any influence in the department."

Referring to the compensation offered by the Rialto company in connection with his employment as counsel to appear in the defense of its president, Major Dennis, Senator Burton, said:

"I told him I did not want to enter a case of that kind as counsel for a rich man for a nominal fee of $400 or $500, and suggested a contract of $500 a month for seven months. When I received the letter notifying me of my appointment by the Rialto company, I went down to see Chief Postoffice Inspector Christian and inquired regarding complaints because I was naturally anxious to learn the standing of the concern with which I was to be identified."

Senator Burton testified that Cochran replied that there were two complaints.

"I then told Christian that I had been led to believe that the complaint grew out of the operations of a former concern, and that I had been assured that the Rialto company was all right. I then inquired casually about the procedure in cases of investigation, telling Cochran that I had an intention of opening as the company's attorney and that the greetings were prompted by a desire to ascertain what to avoid in my dealings with the department."

STEEL DRY DOCK FOR MANILA.

Will Be Towed Fourteen Thousand Miles to Its Destination.

Washington, Nov. 25.—J. O. Wood, a tugmaster of Norfolk, has just signed a contract with the navy department to go out to Manila on the D. D. Dewey, on one of the most remarkable cruises of modern times.

The D. D. Dewey means the big steel floating dry dock now at Solomon's island in the Chesapeake bay, which is destined to dock the largest ships of the American naval force in the Far East if this great structure can ever be successfully piloted through four seas, the 14,000 miles lying between Chesapeake bay and Manila bay.

Mr. Wood is to live aboard the dock during the voyage. He anticipates one of the most pleasant experiences of his life. He will receive $250 compensation per month, his vessel will be so stable in the heaviest weather that it might be possible to play billiards aboard according to some officers, and he will have plenty of good company and solid comfort.

There is a permanent crew of eight, machinists, engineers, sailors and electricians and firemen, and these people are to remain attached to the dock at Manila. On the voyage across they will be reinforced by 22 sailors who will be discharged when they reach Manila.

CONGRATULATES HER KINSMAN.

Famous Southern Woman Takes Part of Midshipman Merriwether.

Nashville, Tenn., Nov. 25.—The venerable Mrs. M. C. Goodlett, of this city, honorary president and founder of the United Daughters of the Confederacy, has sent the following sustaining telegram to her young kinsman, Minor Merriwether, a midshipman at the naval academy at Annapolis, who is now standing a courtmartial in connection with his fatal encounter with the midshipman, Branch:

"To Midshipman Minor Merriwether, Annapolis, Md.: The blood of your revolutionary ancestors would have risen up against you had you done otherwise than accept the challenge of Midshipman Branch. Caroline Merriwether Goodlett."

Midshipman Merriwether is a near relative of Mrs. Goodlett. Young Merriwether is of an old family, and had several ancestors who fought gallantly in the revolutionary war; others of later date were distinguished on the southern side in the war between the states.

MEMPHIS PHYSICIAN GETS $10,000

His Reward For Keeping Yellow Jack Out of Tennessee City.

Chicago, Nov. 25—A dispatch to the Tribune from Memphis, Tenn., says:

Ten thousand dollars and a kiss from a leading society woman is the reward given to Dr. Haber Jones, president of the Memphis board of health in recognition of his successful efforts in keeping the city free from yellow fever during the recent visit of the scourge to the southern state.

The check was the result of a subscription list taken up by influential citizens who quickly secured $10,000. The kiss was not on the program for the formal presentation, which occurred yesterday. The society woman was Mrs. James S. Robinson, wife of the millionaire pharmacist. Following the presentation of the check she walked up to the physician and without a word of warning kissed him squarely upon the lips.

The act took Dr. Jones by surprise, but he soon regained his composure.

Famous Fox Hunter Injured.

Hempstead, L. I., Nov. 25—Robert F. Potter one of the best known hunters of the Westchester club, came a cropper in the fox hunt of the Meadow Brook club yesterday that may have serious results. He was thrown with great force near the check and lay for a time unconscious. An examination showed that he had broken his collar bone. He was removed to a hospital. Mr. Potter is a son of the late Edward T. Potter, and a nephew of Bishop Potter.

SULTAN WILL NOT YIELD TO POWERS

Rejects Their Proposition of Macedonian Reforms.

CHRISTIANS MAY BE MASSACRED

The Porte's Reply to the Demands of the Powers Contains a Thinly Veiled Threat of Turkish Outrages Upon Christians in that Empire.

Constantinople, via Sofia, Nov. 25.—The porte's reply to the demands of the powers is not only a categorical repection of the demands but contains thinly veiled threats that the pressure of Europe wil possibly excite the Turkish population to reprisals on the Christians. He declares that the Ottoman government introduced the reforms asked by the Muerzteg program and says that if these did not entirely succeed the fault was in the hatred dividing the nationalities in Macedonia, and instigation from aboard.

The communication states that the Turkish government finds it absolutely impossible to accept financial control of Macedonia, as it would violate the sultan sovereignty.

After agreeing to the prolongation of the mandates of the foreign civil agents, the note concludes:

If the powers increase the pressure in order to compel the acceptance of the control scheme the imperial government declines all responsibility for the consequences, which may arise from the discontent among the public.

The latter part of the note implying the possibility of massacres has created a bad impression in diplomatic circles, where it is regarded as being a deliberate attempt to create artificial public excitement against financial reform with the object of intimidating Europe. At the same time it is recognized that there is danger of trouble in Macedonia and that the powers ought to have forces in readiness to act promptly at the first sign of an outbreak.

The foreign representatives are considering the question of increasing their number of their guards here in order to protect citizens of their nationalities.

Baron Marschall Von Bieberstein, the German ambassador, has again urgently represented to the authorities the advisability of accepting the powers' demands and thus prevent disagreeable consequences.

The News as London.

London, Nov. 25.—The foreign office informed the Associated Press today that the porte having refused to accede to the demands of the powerrs the naval demonstration will proceed, the matter now being in the hands of the naval commanders.

Will Have Naval Demonstration.

Paris, Nov. 25.—It is stated in official quarters here that the exchange of communications between the powers concerning Turkey's answer to their ultimatum have resulted in the practical determination not to consider the answer as postponing the naval demonstration which will proceed without further delay. It is understood that the warships of the powers are already moving from Pireaeus. Their objective is not yet definitely stated, but the island of Mytilene still appears to be the objective applicable to the situation.

French Cruiser Sails for Venezuela.

Paris, Nov. 25.—A dispatch from L'Orient says the French cruiser Jean Bart, will take on her armament December 17th, for the purpose of forming part of the division charged to make a demonstration in Venezuelan waters. The ministry of marine, however, will not give any additional details. The foreign office officials insist that no decision has yet been taken to use force, but they add that the naval branch is taking preparatory measures so as to be ready in the event of the failure of the negotiations to secure a pacific solution.

THE PUBLIC DEMANDS MORE RURAL ROUTES

Hon. A. B. Britton is Here to Investigate Conditions.

SUGGESTIONS OF MR. ARNOW

Gainesville's Postmaster Sometime Ago Notified Government That New Routes Were Necessary—Four Additional Routes Are Suggested.

From Friday's Daily Sun.

Along with the general advancement of Gainesville and Alachua county is the development of the rural free mail delivery system which is proving of so much benefit to the people residing in the country in the vicinity of all towns where a free rural route has been established.

About a year ago a route was established leading from Gainesville in a westerly direction and including all families living within a certain radius of the line for a distance of nine miles. This service has proved most satisfactory to persons along this route because of the fact that they have been able to secure their mail daily without the inconveniences of a trip to the postoffice.

Hon. Azell B. Britton, superintendent of the rural department of the United States government, who is at present making his headquarters in Lake City, arrived Thursday for the purpose of investigating the various proposed additional routes from this city. He expects to go over the routes thoroughly and will no doubt recommend the establishment of one or more additional routes, as suggested by Postmaster Arnow.

In speaking of the establishment of new routes, Postmaster Arnow states that the routes, as recommended, will likely be instituted in the order named. Route No. 2 provides a trip from Gainesville to Arrendodo and Kanapaha, returning via Rocky Point, and providing for delivery to about one hundred and twenty-five families. This is the route which Mr. Britton expects to cover today and which will no doubt be established within a short time.

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Smith-Reece.

There was a wedding at Micanopy at noon Wednesday, the contracting parties being Mr Calvert Smith of Jacksonville and Miss Marguerite Reece, the charming daughter of Dr. R. L. Reece of Tacoma.

The ceremony was performed in the Baptist church by Rev. E. W. Way, formerly pastor of the Presbyterian church of this city, but now of Dalton, Ga. It was a quiet affair, only the members of the family and a few intimate friends being present.

Immediately after the ceremony the happy couple took the train for Tampa, and after a short visit to the State Fair will proceed to Jacksonville, where they will make their future home.

Mr. Smith, who is originally from Tacoma, is a cartoonist, and holds a responsible position with The Times-Union.

Friends of the happy couple extend congratulations and wish them a long life of undisturbed connubial bliss.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

AN ELEGANT REPAST.

Judge Syd L. Carter Entertains a Number of Friends.

One of the most elegant suppers ever served in Florida was that to which the guests of Judge Syd L. Carter sat down at his home in East Gainesville Thursday night, tendered Judge Wills, the Gainesville bar, visiting attorneys and a few laymen. Upon entering the dining room the guests beheld two long tables laden with eatables fit for the gods—'possum, turkey, chicken, etc. The supper was served in courses, oysters preceding the regular supper. Before taking their seats the guests were treated to a brief history of the 'possum by Judge Carlisle, after which ample justice was done the elegant repast. Dr. J. F. McKinstry, Jr., and Col Evans Haile "carved dat 'possum" in good style, and the eagerness with which the favorite dish was devoured gave evidence that it had been prepared in true Southern style. Judge Carlisle said he had eat at least a million 'possums in his life-time, but this was "the best ever." After all the other guests had been satisfied Judge Carlisle stated that he was preparing a motion for a "continuance" of his case, whereupon Judge Wills announced that the court granted the motion without argument.

After supper cigars were passed, and the guests bade their host good-night, wishing him "many returns of the evening."

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

JUSTICE COLMAN'S COURT.

Walter Morris Arraigned for Accessory Before the Fact.

For the first time in several days the mills were set to grinding in Justice Colman's court, when Walter Morris, colored, who was arrested by Deputy Sheriff Storey of Windsor, was arraigned upon a charge of accessory before the fact. The defendant waived examination and gave bond in the sum of $200 for his appearance before the grand jury.

From the court it was learned that the assault was alleged to have been made by one Jack Starke at Campville on the evening of July 4, at Campville, and that Morris assisted in the assault. A true bill has been secured against Starke, so Justice Colman says.

Attorney Evans Haile is representing Morris.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

MR. HORTON'S EXPERIENCE.

Drove His Team Into a Mysterious Well in Levy County.

A peculiar experience is related of Thomas Horton, a farmer who owns and conducts a farm near Albion, in Levy county.

A. O. Steenburg, the veracity (?) of whom has never been doubted, states that a few days ago Mr. Horton was driving a team on his farm. The wagon was loaded with corn. Mr. Horton, owing to the heavy load, was walking beside the wagon, which probably saved his life, as the horse plunged suddenly into a mysterious well, pulling the wagon after him, and was precipitated for a depth of about sixty-five feet. As a natural consequence the animal was killed, its neck being broken, and the wagon was a complete wreck.

Several of these wells have been reported in Alachua county from time to time, but this is the first instance where one has been discovered in Levy county. It appears to be a peculiar formation of earth which forms a crust, with the result that any concussion or other disturbance will cause the crust to give way.

It will be remembered that a well recently sank in Alachua, an account of which appeared in The Sun. This well attracted considerable attention, owing to its great depth, and people came for several miles to the scene. The Levy county experience was of the same order.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

BIG FIRE NEAR TRENTON.

Commissary at Wade & Bell's Camp Burned to Ground Wednesday.

Information reached this city Thursday of a disastrous fire which occurred at the commissary of Wade & Bell, contractors, Trenton, Wednesday night. The loss aggregated about $1,800 in general merchandise, and it is understood that there was no insurance. The origin of the fire is unknown.

The information was brought to this city by Deputy Sheriff G. W. Livingston, who was summoned to the West End on official business. He could not give much definite information in regard to the fire, but stated that the managers could not positively determine the cause of the same.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. D. Webster & Co., Udora, Ontario, Canada. For sale by all druggists.

A Birthday Supper.

In honor of the birthday of his daughter, Mrs. R. T. Schafer, C. D. Schafer gave a birthday supper Tuesday evening. There were plenty of good things to eat, temptingly prepared, and the occasion was thoroughly enjoyed. Being of a private nature only members of the families of Messrs. C. D. and R. T. Schafer were present.

"I Thank the Lord!"

Cried Hannah Plant of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at all drug stores; 25c.

GRAND JURY MAKES PRESENTMENTS

Opposed to Offering Rewards for Violators Local Option Law.

ASK THAT ORDER BE REVOKED

Call Upon Officers to Investigate as to Whether Persons Granted License to Carry Pistols Are Carrying Them According to Law.

Gainesville, Fla., Nov. 23, 1905.

Hon. J. T. Wills, Judge of Eighth Judicial Circuit, State of Florida, In and for Alachua County, Florida.

We, the Grand Jurors for the Fall term of Circuit Court of Alachua county, having completed our labors, beg to present to you this, our final presentment.

During this term we have endeavored faithfully to discharge the duties encumbent upon us, giving careful attention to all complaints made to us, and where in our conscientious judgment a violation of law was evident, we have made proper returns therefor. We have been in session ten days. We have had before us thirty-eight cases, and have examined one hundred and seventy witnesses.

We regret to report that in a number of cases coming before us, forwarded from the several justices of the peace of this county, many papers necessary for us in our investigation were missing, such as affidavits, warrants and witness recognizances, which has occasioned some delay on our part, and perchance defeated a full investigation by us in some instances. We recommend that hereafter all justices of the peace comply with the law in forwarding to us all papers issued by them in their preliminary examinations, and in addition, they make a written statement of the testimony of all witnesses appearing before them in such preliminary examinations. The latter we especially urge, not only because it is their duty under the law to do so, but because we are told by some of them that witnesses in cases before them give testimony sufficient in their judgment to warrant convictions, whereas, we have found in several instances, the same witnesses, when appearing before the Grand Jury, do not give such testimony as would warrant the Grand Jury in reporting a bill of this court.

We further recommend that all papers issued by any justice in a preliminary examination had before him, shall be returned by him as soon as the case shall be completed before him, to the clerk of this court, and that same shall be securely kept by said clerk to be presented to the next ensuing Grand Jury.

We find that nearly one-half of the cases before us for consideration during this term have been for the sale of intoxicating liquors in this county. We are of the opinion that the standing reward of $50 for the conviction of persons engaged in this unlawful business is largely responsible for the large number of cases before us. From our investigations of them we are led to believe that in many instances parties have been informed against, either from motives of personal enmity or desire to earn the reward, or both. It occurs to us, aside from the enormous expense that the payment of these rewards will impose upon the county (if the present term of court is an indication of what will happen in future), that this reward is a dangerous precedent by reason of the fact that in many instances witnesses in cases of this character are people to whom the large sum of money might be an inducement to present cases against persons who might not be violators of the law. This is more likely to be true in view of the fact that nearly every one charged with this offense is a negro and a large number of the witnesses against them are also negroes. We do not see that any discrimination should be made between the efforts to suppress one crime more than another, and so far as our observation goes our officers are diligent in the investigation and suppression of other classes of crime, and we feel fully assured that without the reward they will be equally faithful in the suppression of this particular crime as they are in all others. We therefore recommend that the county commissioners of this county immediately revoke the reward previously offered by them for convictions of all persons charged with selling intoxicating liquors in this county.

Our attention has been drawn to the fact that a large number of people who have taken out licenses authorizing them to carry a pistol according to law are carrying them concealed and we are advised that such an act upon their part is a violation of our law. We recommend that our sheriff investigate as to all persons who have secured these licenses for the purpose of ascertaining whether or not they are carrying the weapons they are licensed to carry in the manner prescribed by law.

We regret to report that we have found a large number of cases in the nature of violations of the minor criminal laws of our State, committed in various parts of our county, in which apparently no diligent effort was made by the lesser officials, like the justices of the peace and constables, towards the proper investigation and ascertainment as to who were the guilty parties. Our observation leads us to believe that it is from the germs of these small criminal acts that larger crimes are bred. We, therefore, recommend and urge upon our justices of the peace and constables that greater care and attention be given by them to all smaller criminal offenses that may be committed in their several communities, and that they faithfully endeavor to gather the evidence necessary to secure convictions in all that class of offenses, and that they promptly and vigorously prosecute the guilty parties in every instance.

We desire to express to Your Honor our sincere thanks for your many kindnesses shown us during the present session of the court. We also desire to offer our thanks to Hon. Benj. P. Calhoun, our State's Attorney, who has rendered us faithful assistance in the discharge of our duties.

To our sheriff, clerk of the court, their deputies, and our bailiff, we are also under many obligations for their uniform kindness and courtesy.

Having finished all business before us and presented all papers to this court we beg now to be discharged.

Very respectfully,
SAMUEL ELLIOTT BAVENIGHT,
Foreman.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DR. MOSELEY DEAD.

Young Man Well Known Here Expired in Evansville, Indiana.

The Owensboro (Ky.) Enquirer of recent date has the following to say regarding the death of Dr. Aaron Moseley, who was for some time a resident of this city, and was well and favorably known here. Dr. Moseley was a nephew of W. P. Moseley and Mrs. J. S Goode, and for several months was engaged in the practice of his profession here. Friends of the Doctor will regret very much to learn of his death, as he was a young man with a most promising future.

The Enquirer says:

"Dr. Aaron Moseley, formerly of McLean county, died Friday in Evansville, after a brief illness of typhoid fever. The remains were shipped to Calhoon Friday afternoon by boat, and were buried Saturday afternoon at 2 o'clock at the family burying ground on the old Robert Moseley place.

"Dr. Moseley was twenty-two years of age, and was one of the brightest young men that McLean county has produced. He was given a good education, and attended the American School of Osteopathy, from which he graduated last June with high honor. In August he located in Evansville and at once entered on a good practice. His future gave every evidence of being very bright when he was stricken down by the disease which caused his death. He is survived by his father and mother and several brothers and sisters."

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

CAMP'S BIG CLAIM.

Has a Suit Against Water Company Involving Quarter of a Million.

The following Associated Press report will no doubt prove of interest to the people of this section, since Mr. Camp, the plaintiff to the case in question, is well known here:

"Norfolk, Va, November 22.—Commissioner Bowden of the United States Court has finished compiling the testimony in the case of W. N. Camp of Florida, who owns 52,000 acres of land in the Dismal Swamp district, against the Lake Drummond Water Company for $250,000 damages. The case will go to the United States circuit court."

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at all drug stores; 25c.

Real Estate Deal.

The Alachua County Abstract Company has in the past few days negotiated the sale of four very desirable building lots in the residence portion of the city, and this company has several other very good deals on. There are many inquiries regarding city lots at the present time, and the real estate market will be looking up in a few days.

It is quite certain there will be no drop in Gainesville soil this year, as holders feel confident that there will be a better demand later in the season from people seeking desirable locations for homes in the South.

S.S.S. OUR RECORD

40 YEARS of CURES

With medicines as with other things, the surest test of worth is the length of time they have the confidence of the people. The efficacy of S. S. S. has been thoroughly proven by experience, and so successful has it been that today it is the best known and most widely used blood remedy in the world. For diseases such as Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, and other troubles due to an impure and poisoned condition of the blood, no remedy acts so promptly and thoroughly as does S. S. S., and thousands throughout the country, cured of such diseases, are daily recommending it to others similarly afflicted. ***ITS FORTY YEARS OF EXISTENCE HAVE BEEN FORTY YEARS OF CURES.*** S. S. S. is a blood purifier of the highest order, containing properties necessary to cure blood troubles of every character, and which make it the greatest of all tonics. It goes into the blood and drives out any and all impurities, and makes this stream of life strong and healthy, and when this is done disease cannot remain. Being made entirely from roots, herbs and barks, chosen for their healing, purifying and building-up properties, it does not injure any of the delicate organs or tissues of the body as do those medicines which contain Potash, Mercury, Arsenic or other harmful minerals, but cures safely as well as permanently. S. S. S. reaches deep-seated and inherited cases on which the ordinary Sarsaparillas and tonics have no effect. It is no experiment to use S. S. S.; it is a remedy with a record; it has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S.; write us about your case and let our physicians advise you and send book on the blood; no charge for either.

The people of Florida have not suffered any great losses from weather conditions this season, while in Texas and Oklahoma they have had cyclones, thunder storms and many disturbances to destroy property. When looking around for a place to locate these facts are worth consideration.

If the people want to know what local option will do for a town, just let them turn to Starke. Bradford county went for prohibition and now the people of that place appear with laundered linen and their shoes polished. Before they fired the saloons they devoted all their spare change, and some they could not afford to spare, to polishing their nasal organs.

A dealer of liquors at Palatka is sending out circulars soliciting patronage from people in Gainesville. That is one kind of "blind tiger" business that should be as much of a violation of the law as to "peddle" the stuff. But he sent a number to this city that will not profit him much, if any, as he has the names of people who know what effect his vile stuff has upon the man who uses it.

A TERRIBLE FRIGHT.

The people of Ocala, business men, newspapers and all, are afraid that city's only attraction—the saloon—will be taken away from them and one of her citizens has a communication in The Daily Banner from which we make the following extractions:

"I wonder if these prohibitionists who admire Gainesville so ardently and hold up that town as an example and leader for Ocala expect the business men here to be influenced or controlled by Gainesville's boasts and claims.

"Gainesville has always been so friendly and neighborly to Ocala! Yes, indeed.

"She loves us so that she is ready to give free advice and friendly counsel about prohibition.

"It was Gainesville that by unfair means and underhand methods robbed Ocala of the East Florida Seminary."

In answer to the first paragraph, it is well known that the business men of Gainesville sell more groceries and less "grog" and have less bad debts to collect through the workings of prohibition. The city has advanced under prohibition in the last two years more than in any ten years previous for the past forty years. This statement was obtained from a gentleman who has resided here all that time and is in a position to show the figures.

As to being "friendly and neighborly to Ocala," Gainesville has only taken what Ocala made a failure of and put it on a sound basis until the one who gave it took it away.

"One thing Gainesville is to be commended for. She looks out for her own interests," says the correspondent.

"In order to hold her own as a college town against others and to assist her in gaining the University, she deemed it necessary to 'go dry.' Being ambitious to advertise herself as a college town she proceeded to adopt prohibition."

Here The Banner correspondent falls down. Gainesville voted for prohibition for her own good and the good of the rising generation in June, 1903. The Buckman bill, to abolish all the State schools and locate a new State University, was passed in May, 1905. Gainesville people never dreamed of such a measure when she voted for local option. Its progenitors were in another county, and would now do all in their power to destroy the workings of the bill regardless of the interests of the people.

Alachua county officers are doing all they can to check the illegal selling of liquor within its borders. In regard to the large number of cases of the illegal selling of liquor reported, we refer to a part of the presentment of the grand jury which says:

"We find that nearly one-half of the cases before us for consideration during this term have been for the sale of intoxicating liquors in this county. We are of the opinion that the standing reward of $50 for the conviction of persons engaged in this unlawful business is largely responsible for the large number of cases before us. From our investigations of them we are led to believe that in many instances parties have been informed against, either from motives of personal enmity or desire to earn the reward, or both. It occurs to us, aside from the enormous expense that the payment of these rewards will impose upon the county (if the present term of court is an indication of what will happen in future), that this reward is a dangerous precedent by reason of the fact that in many instances witnesses in cases of this character are people to whom the large sum of money might be an inducement to present cases against persons who might not be violators of the law."

The prohibition law, it will be seen, is not to blame for the foregoing. It keeps its part of the compact the same as any other good law, and like all others can be abused by unprincipled specimens who would swear to anything for a sum of money, as well as the slave of liquor who would swear to anything for a drink.

No, indeed, Gainesville's prosperity and advancement does not depend on the saloon, for without it we have more contented and happy people than it ever gave us. We have no places among our public streets where ladies are afraid to pass from fear of obscene and insulting language that frequently comes from such places, where men can obtain that which will steal away their brains.

"Gainesville looks out for her own interests," says The Banner correspondent, which is true, and that is the reason she has "fired out" the saloons.

ALACHUA COUNTY.

People from Alachua county who visit the State Fair at Tampa will have no reason to be the least bit ashamed of the county's display at the exhibition. In many things we can compare with the best in the State, and the farming interests of the county have a creditable showing.

We are pleased to know that the county commissioners did so well to bring this section before the people of the State and those from other States who will be there to see what the resources of Florida are, and the County Fair Association is also entitled to much credit for the work done by its members.

While the manufactories of the county are not what they could be with a little effort, the city of Gainesville, through the enterprise of one of her citizens, has the only buggy on exhibition made in Florida. By another year it is hoped that we can make a better showing and present to the people the best in other lines.

But as Gainesville has of late devoted much of her energies to educational matters, we are proud to know that the school exhibit is one of the best ever shown at any fair, and while the entire county board is entitled to due credit for the interest manifested, Superintendent Kelley is the one who has devoted his time and much of his own means to place our schools before the public in such an excellent manner, and those who are interested in the methods employed can see at once that the school system of Alachua county is up to and a lap ahead of nearly all in the State.

We shall have the pleasure, when honors are conferred, of recording the fact that Alachua stands in her old place—at the head of the counties of Florida in whatever she undertakes.

THANKSGIVING.

The people of Gainesville, Alachua county and the entire State of Florida, have special reason to be thankful for the many blessings they have received during the time that has passed for the year to end November 30th.

In the matter of improvements the city of Gainesville, by the harmonious action of a majority of her citizens, has expanded her borders and has shown a united front for progress of the substantial sort.

In the matter of health we have indeed been fortunate, and there has been neither epidemic or contagion to cause the slightest uneasiness, which has been a blessing for which we should be duly grateful.

In regard to weather, we have had a typical Florida summer, with steady warm weather and frequent showers of rain, with no destructive storms to do any serious damage to buildings or crops, proving to the world that here we have the place where all can enjoy peace and plenty without the adverse storms that linger around the less favored sections of our common country.

With a climate that is filled with the purest of ozone, a people that are law-abiding and attentive to their own affairs, there can be no better place to abide. Our farms produce good crops, and if there is a partial failure in one branch, we have others to resort to, so that no famine can enter here and deprive us of all the blessings we might enjoy.

THE PLAIN FACTS.

Lake City ought to have requested Bartow or some other city affected by the Buckman bill to file the suit she has just instituted in the name of the Attorney-General of the State. Lake City insisted on the passage of the Buckman bill when she saw that she was to take from other school centers of the State what they had been laboring for years to build up, and move to Lake City. To assist Lake City came the talented and forceful Frank Adams of Jasper, whose financial interests in Lake City are extensive. Had Lake City joined the other school towns in the State the bill would have been killed. But in her selfishness to grab everything she lost all. It is a clear case of wiggling in the grave that she dug for herself. Lake City has not the sympathy of any section of Florida in this fight. She lost this when she failed to accept the decision of a board which was created largely through her instrumentality. Live Oak once voted to have the University located at Lake City. This is not the sentiment today. The University has been located at Gainesville and there it ought to stay. Lake City's claims are nothing when compared with the interests of the State, and ought not to be considered.—Live Oak Daily Democrat.

HOW EDITORS GET RICH.

After a good deal of study and work we have at last figured out why the many country editors get rich, says The Moorehead Coaster. Here is the secret of success: A child is born in the neighborhood, the attending physician gets $10, the editor gives the loud-lunged youngster and the happy parents a send-off and gets $0. It is christened; the minister gets $10, and the editor $00. It grows up and marries; the editor publishes another long-winded flowery article and tells a dozen lies about the "beautiful and accomplished bride;" the minister gets $10 and a piece of cake and the editor gets $000. In the course of time it dies and the doctor gets from $25 to $100, the minister perhaps gets another $15, the undertaker gets from $50 to $100, the editor publishes a notice of the death and an obituary two columns long, lodge and society resolutions, a lot of poetry and a free card of thanks, and gets $0,00. No wonder so many country editors get rich.

SUNSTROKES.

There is one thing certain, and that is that when you come to make a custard pie there is nothing that will take the place of eggs as "something just as good."

The genuine Salvation Army has brought much relief in this country to suffering humanity. Beware of imitations.

The truth of the statement that our city looks out for its own interests should not be a thing to be ashamed of; but when we win by fair means it is not very pleasant to be accused of dishonest methods. The people of this city can well afford to be proud of its natural advantages, which are readily discerned by all who come here. We have as good a town as any in Florida and a heap better than some.

The grand jury, which made its presentment to the circuit court the other day, is certainly to be commended for honesty of purpose. If our county can have such men to do the work for the best interest of the people we need have no fear for the future. The man or men who do their duty fearlessly are what we want.

HOLLOWAY WALKS FROM COURT HOUSE ONCE MORE A VINDICATED MAN

This Famous Case Was Concluded at Midnight Saturday.

LASTED FOR THREE DAYS

Was Vigorously Contested From Every Legal Technical Standpoint by Some of the Most Talented Members of the Florida Bar.

"We, the jury, find the defendant, W. M. Holloway, not guilty. So say we all. F. T. BAKER, Foreman."

This was the verdict of the jury which held the destinies of W. M. Holloway, State Superintendent of Public Instruction, in their hands. The verdict was returned at four minutes of midnight, and the suspense of a great many of Professor Holloway's friends was relieved, as it was feared at one time the jury would hang over Sunday. This suspense was not occasioned, however, on account of lack of confidence in the verdict, as the case was so clearly defined and the evidence introduced during the three days' trial so lacking of convicting strength that there was really no case. Of the four counts presented, by order of the court, only one was accepted, and that was the charge published in an article by Professor Holloway in The Sun, on December 24, 1903, under the caption, "The Booker Washington Affair."

The evidence being in, argument in the case was begun the middle of the afternoon. The argument was opened by Attorney J. M. Rivers for the defense, who made a fine plea. He was followed by Attorney B. A. Thrasher, who made a good, strong talk for the State. Attorney Alex St. Clair-Abrams was the last speaker for the State in the afternoon, when court adjourned until half-past seven o'clock.

Court House Was Crowded.

When court convened in the evening the court room was crowded with many of the best people in Gainesville, including a number of ladies. The argument was opened by Attorney Syd L. Carter for the defense, who exercised his usual eloquence. He was followed by State's Attorney Calhoun, who, in a most forceful manner, endeavored to impress the jury in the interest of the prosecution. Attorney Frank Clark, for the defense, closed. Mr. Clark, as is well known, is one of the most eloquent speakers in the State, and he proceeded in a masterly way to tear the evidence and argument into shreds. He spoke an hour and twenty minutes and made every word count with the jury.

Judge Wills' Charge.

The charge by His Honor Judge Wills to the jury was a most precise, clear and impartial one. This charge was completed at 10:40, and three minutes later the jury had filed into the jury room. The verdict was returned in one hour and thirteen minutes, only an instant before the clock was striking the hour of midnight.

The jury in the case were F. T. Baker, foreman; W. D. Tillman, John D. Polk, J. C. Baxley, J. M. Manning and M. E. Jolly.

History of Case.

Inasmuch as this famous case has been on the docket of the circuit for the past two years, having been postponed from time to time, it may be well to give a short synopsis:

During the campaign of 1904, W. N. Sheats, at that time the incumbent and Wm. M. Holloway, then County Superintendent of Schools of Alachua county, were candidates for the office of State Superintendent of Public Instruction. Mr. Sheats, upon the occasion of a State convention of county school superintendents and the General Educational Board in this city, invited Booker T. Washington, the famous negro educator, to make an address in Gainesville. Mr. Sheats alleged that a letter addressed to another party in this city informing him of his action in the matter, came into possession of Mr. Holloway, after which Holloway caused an interpolation purposed to change the sense of the same, and to convey the impression that he (Sheats) had invited Washington to speak in the auditorium of the school used for white people. What was purported to be a copy of this letter was furnished as campaign literature by Mr. Holloway and published in The Sun, along with other campaign matter. The result was that Mr. Sheats caused the arrest of Mr. Holloway upon a charge of criminal libel.

The above are the facts in the case in a nutshell, and the ground upon which the same was brought. It was one of the most closely and vigorously contested cases ever presented in this county, some of the best legal talent in the State being employed on both sides.

AN ENJOYABLE HOP.

Young Men Entertained in Clever Style Friday Evening.

A party of young men of this city tendered an informal hop, complimentary to the young ladies, at the armory Friday evening, which proved one of the most delightful informal functions of the season.

There were present upon this occasion the following: Miss Richards, Miss Bodiford, Miss Eva Haile, Miss Nichols, Miss Wilcox, Miss Miller, Miss Catherine Hampton, Miss Minna Hampton, Miss Ross, Mr. and Mrs. W. E. Dow, Mr. and Mrs. H. L. Hutchinson, Mr. and Mrs. J. M. Turner, Jr., Mrs. Dr. B. P. Richards, Mrs. K. A. Taylor, Mrs. W. B. Taylor and Mrs. J. W. McCollum; Messrs. A. M. Dickson, Lee Graham, James B. Dell, Henry Davis, B. H. Chase, A. J. Doyle, Wade Hampton, Howell Sheats, M. C. Sale and Benj. K. Thrower.

The party "tripped the light fantastic toe" until the mid-night hour, when all retired a tired but well contented lot.

MELTON'S NEW MILL

Is Modern and Has a Cutting Capacity of 50,000 Feet Per Day.

The new sawmill of C. E. Melton at Micanopy has been completed, and the steam was turned on to the machinery for the first time Friday.

It will be remembered that some time ago Mr. Melton, who owned a comparatively small mill, had the misfortune to lose the same by fire. A large quantity of lumber upon the grounds was saved by heroic efforts, but just one month later, to the day, this lumber was consumed by fire.

With a determination not to be outdone, Mr. Melton immediately arranged for the construction of a larger and more modern lumber cutting plant, with the result that he now has one of the largest and most modern mills in this section of the State. The enterprise will prove a good thing for Micanopy commercially, as a large number of hands will be employed.

There is reported to be an abundance of fine timber in the Micanopy section.

THE DISTRICT CONVENTION.

Masons of the Eleventh District Had a Fine Session.

The district convention of the Eleventh District, F. & A. M., which was held in this city with Gainesville Lodge No. 41 Thursday and Friday evenings, was well attended, every lodge in the district sending representatives. The convention was presided over by D. D. G. M. A. M. Cushman, one of the most widely known and best posted Masons in the State. The work was exemplified under direction of Most Worshipful Grand Master Chas. W. Johnson of Jacksonville and Past Grand Master Marcus Endel of this city. After the meeting Friday evening an oyster supper was tendered the visiting brethren, which it is needless to add was greatly relished.

Death of Carl Bruton.

From Sunday's Daily Sun.

Carl Bruton, seventeen years of age, son of Mrs. S. M. Bruton and nephew of Mrs. Chas. J. Mixon, died at his home in Southwest Gainesville at 12:30 o'clock Saturday noon, after an illness of only two days, with hemorrhagic fever. Deceased was a very popular lad among his associates and his sudden death proved a great shock to them, as well as his family.

The funeral will be held from the residence at 10 o'clock this morning, Rev. S. B. Rogers of the Baptist church officiating. The interment will be in Evergreen cemetery.

The Sun, with other friends, extends sympathy. All friends of the family invited.

A BIG BLOCK CHANGES HANDS

J. J. Haymans of Lochloosa Purchases T. V. Porter Block.

CONSIDERATION WAS $12,000

Building Was One of the Most Substantial in the City and Rents at a Good Sum—Deal Which Shows Confidence of Outsiders.

Another important real estate deal has transpired in Gainesville, which is evidence of the great confidence which is being manifested by outsiders in the future of the city. These outsiders have seen the rapid advancement of Gainesville within the past two or three years, which has probably not been exceeded in any interior city in Florida; they notice also that instead of an abatement this building boom is increasing, and many are taking advantage of the opportunity to either buy or build.

A day or two recently J. J. Haymans, the naval stores operator of Lochloosa, purchased what is known as the T. V. Porter block, corner West Main and East Union streets, the consideration being $12,000. The building in question is a two-story brick structure, containing two large stores on the ground and office rooms on the second floor. The building is in excellent repair, and owing to its location commands good rents and steady demand.

Friends of Mr. Haymans are congratulating him upon this acquisition to his city properties.

THE NEWS FROM ARNO.

School Teacher Jumped His Job—Religious Matters—Local Events.

Arno, Nov. 25.—Our people are in great distress about our school. They have been treated very wrongfully by the teacher. They had made a contract through the County School Board with Prof. DeLand for a term of eight months. When he had taught two months he got a better job and quit the school just as he had gotten everything in good working order and the children were doing remarkably well, and everybody was elated over the prospect of having the best school year of any for several years past. If the people had peremptorily discharged Prof. DeLand without a cause he could have collected his salary just the same. Was he not bound by the same contract? Has a teacher any more right to break his contract than anyone else? The people are criticising sharply the Alachua bank. We understand the bank sent a man to the school house and made Prof. DeLand a proposition of a better job, and told him he must accept it now or lose it forever. Has a bank or bank president or cashier any more rights than a "common" farmer? If one of our farmers goes to a neighbor and persuades a laborer to quit him by offering a better job, we are not only sharply criticised, but we are liable under the law to a penalty, if I am rightly informed. We have applied to Dr. Kelley, County Superintendent of Public Instruction, and also to Mr. Holloway, State Superintendent, for a teacher and neither of them know of any to be had. So the present prospect is that the school will have to close, and some of our children are at an age that they will suffer a wrong that eternity alone can reveal its extent.

The Harmony Association of the Baptist church, which was held at the Forest Grove church a few days back, while it was good, was disappointing to some as it was not so large and enthusiastic a body as should be expected from the great Harmony Association.

The Forest Grove people are well pleased with their new pastor, Prof. Allen, and they cordially invite their friends to come on the second Sunday in each month and assure them that they will hear something worth coming to hear.

Mrs. W. N. Gramling of High Springs called on Mrs. Henderson yesterday.

Capt. T. H. Willard contemplates moving to High Springs at an early day. We regret very much to give him up as he is one of our most intelligent and progressive citizens.

Several of our citizens have been attending the evangelistic meetings being held in the Methodist church at High Springs by Rev. Marvin Culpepper. He is a very earnest and forcible speaker.

WEATHER REPORT.

Very Favorable in Many Sections. Good Rains Are Needed.

From the report issued from Jacksonville the 21st, it is learned that the week gave practically no rain. The need of precipitation is urgent, except in the few localities where there is some cotton to be picked. The persistent drought is causing serious concern among many vegetable gardeners. On high land everything is at a standstill, being too dry to plant seed or transplant truck. The low lands are in better condition and some progress is being made by plants that were put out early in the season. The low lands in Dade county are in a splendid condition and the trucking interest in being pushed. The week averaged warmer than the normal, although the first few days were colder than the average. The high percentage of sunshine, cool nights and dry weather were favorable to the maturing of citrus fruits. The fruit is rapidly improving in flavor and color; large shipments are being made. Cane grinding is active. The sweet potato crop is very good. Ponds and small streams are drying up, which is an unfavorable condition for stock. The week closes dry and cool with the forecast indicating rain during the next 36 hours.

From eleven towns no rain is reported, while six reported the weather dry. Aside from the lack of rain there can be no fault with the weather.

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

Have Bought Fine Horse.

The Gainesville German Coach Horse Company has been organized in this city, and the first purchase was the famous German Coach stallion "Debent," which was brought here several days ago from the famous stock farm of Crouch & Son, Nashville, Tenn. This stallion has a record which all stockmen will readily appreciate, and is admired by all who know a good horse.

The officers of the company are as follows: John B. Dell, president; Henry Davis, secretary and treasurer; O. P. Cannon, J. A. Robertson and A. L. Daughtrey, directors. The company is composed of Crawford & Davis, T. W. Shands, O. P. Cannon, A. L. Daughtrey, John B. Dell, P. H. Baker, J. A. Robertson, J. R. Fowler, Ira J. Carter, J. H. Holly, C. W. Chase, W. R. Thomas, A. L. Jackson and A. B. Zetrouer.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

A SERIOUS LOSS.

Thos. Conradson Loses Barn, Horses, Grain, Etc., by Fire Sunday Night.

Thomas Conradson, who resides near Paradise, about four miles to the northward of Gainesville, was the victim Sunday night of a most disastrous fire, which cost him several hundred dollars.

The fire originated in the barn, and was not discovered until well under way, and it was impossible to extinguish the flames, notwithstanding that neighbors came to the scene and worked heroically.

It is understood that the loss amounted to the barn, which was a substantial structure, two horses, four hundred bushels of corn, several tons of hay, thirty-two head of fine turkeys, together with a quantity of farm implements. There was no insurance. The origin of the fire was not learned.

Friends of Mr. Conradson sympathize with him in the loss of this property.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

W. W. COLSON, Tax Assessor.

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared. For sale by all druggists.

Will Raise Togo's Flagship.

Victoria, B. C., Nov. 24—Salvage operations were progressing vigorously on Togo's sunken flagship Mikasa when the Shawmut left Japan, the authorities being determined to raise her with the least possible delay. The theory now entertained in Japan naval circles for her loss is that decomposition set in among the explosives in the magazine and spontaneous combustion resulted.

Admiral Chester in London.

London, Nov. 24.—Rear Admiral Colby Chester came to London today from Gravesend where the United States cruiser Minneapolis is coaling. He said that the report that the warship had touched ground off the French coast was incorrect. Admiral Chester has been instructed to remain at Gravesend and will await orders from Washington before proceeding to the Baltic.

Sultan Says "Nay" to Powers.

Constantinople, Nov. 24.—The sultan today issued an irade approving the decision of the council of ministers to reject the demands of the powers for international control of the finances of Macedonia. Whether the rejection is absolute or conditional has not been definitely ascertained. Vice Admiral Hushi Pasha has started on a special steamer for the Dardanelles presumably with instructions for the commander of the forts regarding the commanders' conduct in the event of the appearance of the international fleet. Similar instructions have been sent to the governors of Turkish islands in the archipelago.

Remember you can work a horse or a mule bought of W. R. Thomas ten days and return him, getting every cent of your money back if not satisfied, but we do not defy competition. W. R. Thomas.

Rev. R. J. Wells and family of Key West are spending a few days with friends in Micanopy. They are well known throughout that section, and it is needless to add that they are being warmly welcomed.

Will McIver, the negro who was brought here for estreating his bond, and placed in prison, has been released, having paid the bond, together with costs, aggregating $33. He was convicted of gambling.

D. A. Robertson expects in a few days to open a feed stable and wood yard on West Union street, between S. Garden and S. Pleasant. Announcement will appear later in The Sun in the form of an advertisement.

Prof. N. W. Hall, principal of the Monteocha school, was in the city yesterday on business connected with the county superintendent's office. He reports his school in a flourishing condition with an enrollment of thirty.

The committee on social of the P. O. S. of A., T. P. Hilton, H. J. Riles and C. A. Harrod, requests The Sun to announce that the social which was to have been given next Wednesday evening has been postponed until further notice.

S. H. Benjamin of Micanopy was in the city yesterday. Mr. Benjamin has just completed a brick block containing three handsome, commodious stores on the lot where his former store stood. The building is a credit to Micanopy.

The handsome home of J. R. Fowler, East Gainesville, which has been under course of construction for the past few months, has been completed. The building contains seventeen rooms, and is one of the handsomest and most modern in this section and a credit to the owner and city alike.

Dr. J. M. Boring, Andrew Jolly, H. J. Dowling, G. M. DeSha, W. P. Birt, J. H. Coffee formed the representatives from Waldo Lodge No. 10, F. & A. M., to the district convention. They were well pleased with the convention and the impressive and thorough manner in which the work was exemplified.

We are in a position to furnish first-class bean, cuke and lettuce hampers, also cabbage and canatloupe crates promptly at reasonable prices, and guarantee prompt shipment on all contracts. Ship on either A. C. L. or S. A. L. railroads. Williston Manufacturing Co, Williston, Fla. dawtf.

The Sun of a day or two recently mentioned the fact that Mrs. S. V. Duke was in White Springs. This was an error, as the lady is at Heath Springs, S. C., where she is visiting her sister, Mrs. S. Adams. Friends will be gratified to learn, however, that she is greatly improved in health.

J. B. Martin of Alachua is in the city. Mr. Martin is employed as a solicitor by the National Union Fraternal Life Insurance Company of Georgia, of which W. G. Richardson is district manager. He is very successful, and states that he succeeded in writing one family, John P. Sapp and family, of Baker county, $30,000 Friday. He is not convinced that Friday is an unlucky day.

Among the late arrivals who have come to make Gainesville their home are Andrie Ravoukey and Alex. Chrecostomidhes of Rhode, Island of Turque, who arrived Friday. The latter is a son of A. Chrecostomidhes, while the latter is a nephew. Young Chrecostomidhes is an American by birth, first seeing the light of day at Dupont, Ga., but he left this country when four years of age, and was reared on the Island of Turque, city of Rhodes.

John V. Denton of New York, wholesale commission merchant who is working throughout the State in the interest of his house, arrived in the city yesterday from South Florida. Mr. Denton believes the State will produce this year 2,000,000 boxes of citrus fruit. He is very much gratified also to notice that the fruit this year is of better quality, and better carrying quality, than last. The greater part of the fruit shipped this season has been bought on the tree and packed by commission houses. The season is not yet half over.

Saturday Morning Fire.

An alarm of fire was turned in from Box 54 at 2:45 o'clock yesterday morning which summoned the department to a small house owned by B. F. Hampton, West Columbia street, and occupied by colored people. Owing to the early hour and the great distance from the station, together with the fact that the alarm was not turned in until the flames had gained quite a headway, the roof was destroyed. Some of the furniture in the house was also considerably damage. It is believed the origin of the fire was incendiary.

Big Timber Deal.

It is rumored that a big timber deal was consummated in this city a day or two recently, when Perry M. Colson, representing the Wade & McNair Land Company, sold to B. B. Lowman of Raleigh a tract of timber comprising 30,000 acres near Archer. The rumor could not be verified, owing to the inability of The Sun representative to see any of the parties interested, but those in a position to know relate it is a fact.

It is not known for what purpose Mr. Lowman expects to use the timber.
